2022 - Present

Frontend Developer Intern at TaxAdda PMS | Led PMS digital transformation with dynamic responsive web interfaces using React.js & Tailwind CSS. Skilled in HTML CSS JavaScript. Collaborated for innovative web solutions

Project

TaxAdda PMS Website Redesign

Redesigned company website for enhanced user experience using React.js Tailwind CSS. Lead Frontend Developer since Oct 2022. Ongoing enhancements for improved performance.

Portfolio Website

This is my personal portfolio website. You can see my projects and resume here. You can also contact me here.
It is built using ReactJS and Tailwind CSS.
It is hosted on Github Pages.

Film Production Website Template

Singlepage ReactJS and Tailwind CSS website template for a film production company hosted on Vercel.

Achievements

I learned to build websites on my own. I was drawn to the field of web development because of my interest in learning about new IT technologies.
